WORK OF R. R. COMMISSION.

Freight Rates are Considerably Reduced

ON MAIN LINES IN THE STATE

To Take Effect October 1—What Mr. Stannard Secured for the Shippers in the Old North State.

R. C. Stannard returned from Raleigh last night where he had gone to present his petition for lower freight rates in this State, and to call the attention of the commission to cases of discrimination by the various lines.

Mr. Stannard says that concessions were obtained which will result in a material reduction of the average freight rates for raw cotton. He pointed out in answer to the allegation of the roads that the higher rates on raw cotton were due to the fact that it occupied more space than the manufactured product that the rates on leaf tobacco were lower than on manufactured tobacco though the leaf of course is much more bulky.

The roads asked that the rates on raw cotton be raised to the highest rate charged in the state and Mr. Stannard asked that the lowest rate be adopted as the scale. He was given next to the lowest rate—that of the North Carolina railroad.

The Raleigh and Gaston road will get a slight increase in rates in some instances, while the largest reduction will be in the case of the Carolina Central.

The commission issued the following order:

"Having fully examined the rates, we find them lower than in any other state (Georgia as low,) but that the rates are not uniform on different systems, and hence it is ordered that the rates be on 100 pounds 9 cents for 10 miles; 15 cents for 25 miles; 19 cents for 50 miles; 23 cents for 75 miles; 25 cents for 100 miles; 30 cents for 150 miles; 35 cents for 200 miles.

"These rates apply to the main lines and branches alike, and go into effect October 10th."

Mr. Stannard is busy preparing his report of the new schedule, and it will be given out so soon as completed.

JORDAN'S VIEWS.

Rather England Should Own Them Than They Be Destroyed.

SAN FRANCISCO, Cal. Sept. 22.—President David Starr Jordan of Stanford University is preparing to attend the conference of the international seal fishery commission of which he is a member.

He says: "I hope the Washington conference will get along with as little of diplomatic letters and printed reports as possible, and have a confidential exchange of views, in order to hasten a settlement of the question. I have not the least idea of what will be the outcome.

"Rather than see the seal herds slaughtered, I would prefer to have England own them all. I am not making any predictions as to whether or not the conference will succeed in drafting a treaty."

Wind High at Newbern.

A special to the News and Observer of this morning from Newbern says:

The predicted wind storm has been raging here all day from the northeast, causing the Neuse and Trent rivers to overflow. The water front of the city looked bad at one time. The water is breaking over the docks and it is up into some of the streets. Property on the water front is watched closely. Saw mills are closed down on account of high tide.

Late this afternoon the wind lulled and the tide fell four or five feet. The property owners on the river front are not so uneasy. Reports from the coast say there is much alarm. No great damage is reported on the rivers.

Fell into The Fire and Died.

FARMVILLE, Va., Sept. 22.—A shocking accident occurred near Worsham, seven miles south of Farmville yesterday. Mrs. Flowers, a well known lady was seized with dizziness while preparing dinner and fell face foremost into the fire, inhaling the blaze, dying almost instantly. Mrs. Flowers was alone at the time with the exception of three small children, who notified their father, but she was dead on his arrival.

Joe Patchen The Victor.

MILWAUKEE, WIS., Sept. 22.—Joe Patchen easily defeated Star Pointer two out of three heats at the fair grounds today. Pointer won the first heat in 2:03¼, breaking the State record. The big bay acted badly in the second and third heats, however and Patchen carried off the $3,000 purse. His time was 2:11¼, 2:07¼.

FACTS FROM FAYETTEVILLE.

Yellow Fever Scare Has Not Yet Reached This Old Town.

Special to THE TELEGRAM.

FAYETTEVILLE, N. C., Sept. 23.—The yellow fever scare has not reached this old town. The board of health recommended a quarantine, but the well informed board of aldermen refused to adopt the recommendation. Some persons direct from Mobile, Ala., have already made their refuge in our vicinity. The people here anticipate no danger, but still a number of persons are not well pleased with the action of our city fathers.

The colored Baptist church, near the C. F. and Y. V. passenger depot, was burned Wednesday morning at 3 o'clock. The origin of the fire is not known, but it is quite a loss to the colored people. Through the efforts of the fire department the parsonage was saved. A high breeze was blowing at the time, but no other damage was done.

This is court week and Judge T. H. Sutton is presiding. Several capital cases will come up.

The cold spell has come as a timely relief to man and beast. The farmers, however, are beginning to complain about the crops being cut short.

Yesterday was the silver anniversary of the bishopric of Rt. Rev. I. W. Hood, D. D., L.L. D., senior bishop of the colored Methodist church. He is the oldest Methodist bishop in the world and has served faitfully in his office for 25 years. The celebration continues three days and nights and is attended by some of the most distinguished members of the A. M. E. conference, including several bishops. Bishop Hood is an old, respected citizen of Fayetteville and owns a nice, beautiful home here. The celebration is being held in the Metropolitan A. M. E. Zion church in our city.

A DEEP DISCONTENT IN SPAIN

With the Present Government—Don Carlos Declares he Has Not Renounced His Rights.

By Cable to THE TELEGRAM.

MADRID, Sept. 23.—Don Carlos, the pretender to the Spanish throne, has written a letter in which he emphatically denies that he has abandoned his claim to the crown of Spain. He declares that after all the sacrifices that have been made and the suffering that has been endured in his behalf, it would be worse than cowardice in him to renounce his rights.

He adds that a hundred thousand volunteers are ready to take up arms in his cause. He says Spain must inevitably be forced to abandon Cuba and the loss of the island will emphasize the deep discontent existing at present.

NEWS OF THE TAR HEEL STATE.

Selma township yesterday voted for the "no fence" law.

The residence of W. L. Nowell, in Raleigh, was burned yesterday. The loss was about $1,200.

Treasurer Brown of Raleigh has issued a circular asking for bids on the new bonds of that city.

Salisbury is afflicted with a swarm of counterfeit nickles done in pewter. Their origin is a mystery.

The Stewart Brothers of Winston have on hand $6,000 worth of paper belonging to the State which they refuse to give up.

Prof. Collier Cobb of the university leaves Friday for Round Knob to study the geology as it relates to the engineering done there.

Mr. Cook, candidate for attorney of the eastern district has been turned down and the old incumbent C. B. Aycock re-appointed.

The Baptists of Wadesboro have purchased a lot and are building a 2-story brick school house. Wadesboro has no high school at present.

The 74 pound watermelon which was shipped Mrs. D. L. Russell from Charlotte was packed in "dollar wheat." It was 3 feet 8 inches in circumference.

John H. Johnson of Raleigh has invented an automatic railroad switch and obtained a patent thereon. He has received many letters of inquiry regarding his invention.

The Landmark says that Mayor Harrill, of Statesville, is receiving letters daily both from people who want to buy bonds and those who want to bid on the water works system.

The mayor of Wilkesboro is out in a letter favoring the building of the electric line from Taylorsville to Wilkesboro. He says the line is entirely practicable and can be built at moderate cost.

A negro named William Smith resisted arrest near Scotland Neck yesterday and he and the officers exchanged a fusilade of shots without serious damage to either. Smith is charged with arson.

The statement for the pupils in the Raleigh white institution for the blind and the colored blind and mute is as follows: Opening day, 1896, white departments, 85; colored, 103; opening day 1897, white department, 112; colored, 119; present first month 1896, 208; this year, 247.

James G. Calvin has been awarded the contract for the erection of the Vance monument, in Asheville, on a bid of $2,758. This was the lowest bid made. The monument will occupy the site of the present city fountain. The only lettering on the monument will be the one word "Vance."

Pineville came near having a very serious fire yesterday morning. The roof of the store occupied by Mr. M. M. Yandle was found to be on fire. By the prompt use of the fire extinguishers it was soon under control. Otherwise nine-tenths of the stores in town would in all probability have been burned.

Governor Russell reprieved Lum Haynes, the negro who was to have been hanged at Whiteville next Friday for assassinating a young white man. The reprieve is until October 5th, and is granted at the request of Solicitor Sewall in order to procure evidence in the trial of cases against persons accused as accessories.

The Agricultural Department will in its September Bulletin give these figures as to cotton mills in the State: No. spindles 1,059,9ff7; daily spinning capacity of No. 20 yarn 529,989 pounds or 1,111 bales of 477 pounds each, making 333,300 annually in a 300-day working year. This, says Commissioner Mewborne, is only 2,935 less than the State's product for 1889. He says the figures are conservative and that in a little while the State will spin its whole product.

Senator Butler in his paper yesterday goes for Harry Skinner, saying: "He has deserted his principles and betrayed the people by supporting a gold bug for United States Senator and by enlisting in the employment of the Southern Railway to try to debauch members of the Legislature to vote to sustain the infamous midnight 99 year lease of the North Carolina Railroad." The Senator says the State can and will repeal the charter of the Mocksville & Mooresville link of the Southern Railway.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at C. E. Holton's drug store.

"Oh, no; she simply dressed so slowly that they all missed the boat!"

Emperor William made a speech at Budapest which aroused great enthusiasm among the Hungarians.

Representative Livingston, of Georgia, says he expects Cuba to be a free and independent republic by January 1st. He thinks the president will take decisive action before the November elections in Ohio.

RATTLING OF DRY BONES.

Evangelist Lee is Stirring Winston--A Great Meeting.

Speaking of the evangelists work in the Twin-City the Winston Sentinel in an editorial yesterday says:

The interest in the great tent meeting is unabated. In fact it appears to be upon the increase. The earnest efforts of Rev. J. W. Lee, the Irish Evangelist, are bearing fruit and his visit to Winston-Salem will long be remembered. Besides what might be termed strictly Evangelistic work—the conversion of sinners, reclaiming of backsliders and strengthening of believers—his gospel temperance work will bring forth a great harvest if the hundreds of men who have responded to his propositions stick up to what they stood up to, and there will be a rattling of dry bones among the saloons shortly after the next municipal election in Winston.

THE BEST IN THE SOUTH.

What A Traveling Man Thinks of Greensboro.

John W. King, representative of the Drummond Tobacco Company, of St. Louis, is here today. In speaking of growing towns, Mr. King remarked that he had recently traveled over most of the South, east of the Mississippi river, and had seen many enterprising towns, but it was his deliberate opinion that Greensboro is the best town he has yet seen, compared with size and population.

This is not mere flattero. A peep into our industries and business enterprises will prove that there is some foundation for the conclusion that we have got the best town in the State, if not in the South.

High Compliment To Col. Boyd.

A Washington special to the Richmond Dispatch says:

The report is prevalent in official circles that Attorney General McKenna will soon be appointed to the Supreme Court bench, and in this connection the prediction is freely made that he will be succeeded by Assistant Attorney General Boyd. The absence of Solicitor General Richards, who succeeded Hon. Holmes Conrad, of Virginia, has given Colonel Boyd an opportunity to impress the Attorney General with his fine legal ability, and his quickness and capacity in the disposal of business.

In conversation on this subject a day or two ago the Attorney General expressed a most agreeable surprise, saying that his first assistant was the best equipped lawyer in the Department.

Sheriff Martin's Bond.

WILKESBARRE, PA., Sept. 22.—Sheriff Martin and his deputies were today held for trial, after a number of witnesses had been examined. The defendants were released on bail in the sum of $6,000 each, $5,000 for murder and $1,000 for feloniously wounding. A bond was provided by a Philadelphia trust company.

BRIEF LOCAL MATTERS.

This weather will put the new street work through a severe test.

"Coal's out again." If it is, read the new ad of Cunningham Bros.. and see what to do about a new supply.

Matthews, Chisholm & Stroud have a new ad in this issue. They have something of interest for the boys. Perhaps they can add to your comfort in the way of a rubber cemented seam, all wool mackintosh.

The rubber goods and mackintosh dealer wears a broad smile such weather as this. It is a splendid business season for him. Tell 'em where to find overshoes, etc., gentlemen, through the columns of THE TELEGRAM.

Cold, windy and raining hard! This weather makes some people mean. For instance, a man who would shiver all night, with an electric call bell in arm's length of him, and then raise sheol the next morning with the landlord is a mean—but the weather is to blame for it all.

THE SCARLET FEVER SCARE.

Erroneous Reports as to the Number of Cases in Greensboro.

Greatly exaggerated reports concerning the prevalence of scarlet fever in Greensboro have been current in Winston and other places, giving the number of cases at from seventy-five to over one hundred. It has also been reported in this connection that the graded schools had closed. This is all a gross and unfounded exaggeration and misrepresentation.

On investigation we find that there has been only about twenty cases of this disease in this city, all of which have been of a very mild form. There have been no deaths and no new cases have been reported for several days. The physicians say there is not now, nor has there been at any time, cause for alarm or apprehension. Strict quarantine has been enforced and the disease is now checked. The graded schools have not been closed.

The reason for such exaggerated reports does not appear. It is surprising how such erroneous ideas gain currency. It is always better, in our opinion, to state facts, unvarnished, and thus frustrate the sensational monger, and avoid the evil effects of unwarranted and untruthful reports.

SOME PIECES OF BAGGAGE.

We Handle More Than Any Town Between Washington and Atlanta.

There are from nine to twelve thousand pieces of baggage handled monthly at the railroad stations in this city. This would mean at least one hundred and twenty-five thousand pieces annualy.

This is baggage—trunks and valises—not express packages, and is said to be twice as much as is handled at any other place in this state, and more than any city between Washington and Atlanta.

Those who frequent the railroad stations here, see the crowds come and go, and see the numerous trucks piled high with baggage, are not surprised at the figures.

Pity 'Tis, Pity 'Tisn't.

A mighty war against the liquor traffic is being waged by Mr. Lee in Winston.

One of the barkeepers of the city called on Evangelist Lee last evening, says the Journal, and during the conversation told the minister that his business was honest and legitimate or he couldn't get license. The preacher doesn't fully agree with him.

The State Fair.

On account of the North Carolina State Agricultural Fair at Raleigh, the Southern Railway will sell tickets on October 16, 17, 18, 19, 22 and 23 at rate of one first-class limited fare for the round trip, plus 50cts. for one admission to the fair grounds. The fare from Greensboro will be $3.15.

On October 20th and 21st, special tickets will be sold from this city for $2.40, mhich also includes one admission to the fair grounds.

Blue Mountain Joe's Show.

Owing to the inclement weather only a short program was given last night, but those who were in attendance were highly pleased. The management promises an extra good program for tonight's show, and if the weather is propitious doubtless a large crowd will be in attendance as usual.
